January 3, 2013

Dear Chairman/Head of Civil Engineering Department

Subject : Chulalongkorn University Scholarship program for ASEAN countries

Greeting from Chulalongkorn University. May I take this opportunity to wish you the Best Year 2013. I would like also to take this opportunity to inform you a great news about scholarships to pursue graduate study at Chulalongkorn University. This scholarship is granted by Chulalongkorn University and is apart from our existing AUN/SEED-Net funding scheme. (Students may also apply AUN/SEED-Net scholarship program, please check [www.seed-net.org/application\\_form.html](http://www.seed-net.org/application_form.html)).

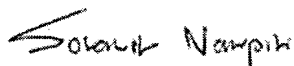

Chulalongkorn University scholarships will provide full support to prospect students. There are 80 grants for Master's study, and 15 grants for Ph.D., university-wide. This year is the first year of granting and your students will have a big opportunity to get this scholarship. We are not sure if there will be this opportunity in the later year. Therefore, I would like to encourage you to promote this scholarship to your students. Also, this scholarship is not limited to AUN/SEED-Net universities, the students can come from any university in ASEAN countries.

Just a quick fact about Civil Engineering at Chulalongkorn University, we are ranked top 100 in Civil and Structural Engineering by QS World for the past 3 years. We have 35 faculty staffs in the fields of Construction, Geotechnical, Structure, and Transportation. We have strong international collaboration including currently 50 international students in our graduate program. We provide scholarships as well as research opportunity to our students.

I hope that you please consider this great scholarship opportunity. More information is attached. The deadline of the application (at Chula) is February 2 and I thus encourage you to contact our staffs or drop in application no later than January 29, 2013. The completed form must be sent by post mail to the Department (the address is at letterhead) and please scan all your application and submit by e-mail to [Akhrawat.l@chula.ac.th](mailto:Akhrawat.l@chula.ac.th). The student needs to specify clearly the degree program (Master's or Ph.D. and field of study (Construction, Geotechnical, Structure, or Transportation). You may inquire more information at [www.academic.chula.ac.th](http://www.academic.chula.ac.th) or at Dr. Akhrawat Lenwari at [Akhrawat.l@chula.ac.th](mailto:Akhrawat.l@chula.ac.th)

Thank you for your consideration. I hope to have collaboration with you in the near future.

Sincerely Yours,

(Associate Professor Sorawit Narupiti, Ph.D.)

Head of Civil Engineering Department

## A Guide to the Scholarship Program for ASEAN Countries

---
